Digital Access at Vision Australia was commissioned to undertake an Accessibility Audit and Post-rectification Review on the Endeavour 250 website. Digital Access conducts all assessments in line with the internationally recognised Website Accessibility Conformance Evaluation Methodology (WCAG-EM) 1.0.

On 02 July 2020 when the final review was carried out, the Endeavour 250 website satisfied all Level A and Level AA success criteria of the Web Content Accessibility Guidelines (WCAG) 2.1 specification.

Digital Access commends DITRDC for the considerable effort they have invested in creating a technically accessible website.
